

A photograph of the London skyline featuring several modern skyscrapers. The most prominent is the Shard on the left, a tall, tapering glass building. To its right is another tall glass building with a distinctive facade. In the foreground, there are other modern buildings, including one with a curved facade. On the right side of the image, the Gherkin is visible, its unique diamond-patterned glass facade reflecting the sky. The sky is a mix of blue and light clouds, suggesting a clear day.
