#### MASTERCLASS, INVESTING IN TIME FIRST

**This is one of the hottest strategy in The "Tech" side of FinTechs & InsurTechs. That will impact on the :**

>>> Faisability, that means your market perception  
>>> UseCases, that means your markets size & your ROI  
>>> Practices & Business Lines, that means transformation of the way doing things

**If you are a Corporate, Bigtech, Startup, that may occur a move in your BM & Marketing & the Ecosystem you have to build !**

>>> So, APIs: Open or Not  
>>> And BlockChains: Open or Private

**Beyond philosophy, How, When, What, Who ? To provide trust for Stakeholders & Regulators :**

Stress tests & new compliance rules are not so far in years !!! ;)

**That is what we'll try to answer with our speakers :** they are practitioner CEOs & bring us a cross-border view !  
**FinTech Entrepreneurs is global : LiveChat with HongKong FinTech Entrepreneurs Group to be confirmed !**

#### TO GO NEXT LEVEL : THIS IS A UNIQUE MASTERCLASS IN THE « TECH SIDE »

**Waiting for you there, Talk "à bâton rompu", Because this is the only way to move the lines !**  
**Investors (VCs, BAs, etc) come and invest in time...cause time is money !**

#### JUMP IN TheFinTechs EXCUBATOR, TO DON'T MISS THE TRAIN

Cheers, **Fabrice F. Seng, Founder, TheFinTechs.com**
